PRODUCT USE ADVISORY
This product is intended for use in buildings designed, monitored and regularly maintained to avoid moisture accumulation on or within walls, particularly in warm, humid climates. The features that make wallcovering cleanable and durable also render it low in permeability. Wallcovering should not be installed on walls that contain excessive moisture or are subject to moisture infiltration.

WARRANTY
All product is guaranteed to be free of defects in workmanship and material for five years. For additional details, visit our website at **VersaDesignedSurfaces.com**.
